

Association Banking Auto Pay Authorization

The Association Banking Auto Pay Authorization Form allows for your association payments to be debited directly from your designated United States bank account. The debits occur on the 3rd day of the month that your payment is due. Should the 3rd day of the month occur on a weekend or holiday the debit will take place the following business day. Should this occur, your payment could be considered late by the Association and they may assess a late fee.
